Professional Summary

Data Analyst with 5+ years of experience specializing in data migration, ETL processes, Power BI, and data quality management within healthcare and enterprise environments. Experienced in analyzing financial and operational data to identify trends and support business insights for multinational companies such as HP. Demonstrated analytical and problem-solving skills applied to improving business processes, reporting, and decision-making.**

Key Skills

- **Data Migration & ETL:** SQL Server, Power Query, M-AT, NPR, ETL Process Design, Data Modeling, Data Quality Management
- **Data Visualization & Business Intelligence:** Power BI (advanced, incl. dashboard design and data modeling for HP), Thoughtspot, KPI Development, Dashboard Automation
- **Data Validation & Quality Control:** Advanced Excel (data validation, automation), Data Cleansing, Performance Metrics
- **Systems & Tools:** Meditech, SAP, Salesforce, Business Intelligence, Database Optimization
- ****Collaboration & Project Management:** Stakeholder Communication, Cross-functional Teamwork, Process Automation, User Training & Onboarding, Documentation (English & Spanish)-
- **Communication:** Professional working proficiency in English and Spanish; effective written and verbal skills

Professional Experience

Programmer Analyst

Management Health Services — Medellín, Colombia

Feb 2024 - Present

- Developed 15+ automated reports using M-AT and NPR, reducing manual reporting time by 60% for 200+ healthcare professionals
- Built 20+ SQL stored procedures, improving query performance by 40% and reducing error rates by 75%
- Architected consolidated dashboard integrating 8 data sources, cutting data preparation time by 70%
- Led system transition and trained 15 users, establishing data governance protocols and improving accuracy by 85%
- Collaborated with cross-functional teams to optimize healthcare data workflows

Channel Data Specialist

HP — Medellín, Colombia (Remote)

Jan 2022 - Nov 2023

- **Developed and deployed Power BI dashboards** for sales, inventory, and executive reporting, providing actionable insights for Latin America operations - **Designed and implemented complex**

data models in Power BI, integrating multiple sources (SAP, Salesforce, Excel) and optimizing data refresh cycles - Automated ETL processes and reporting, reducing manual processing time by 87% and increasing accuracy by 95% - Managed Thoughtspot data for 8+ countries with 100% reporting accuracy - Led the preparation and delivery of recurring performance dashboards and business reports for management and cross-functional teams - Provided ad hoc analysis to support regional data-driven decision-making

Brokerage Associate

UPS — Medellín, Colombia

Sep 2020 - Jan 2022

- Managed 200+ monthly shipments with 99% accuracy for UK market
- Developed automated tracking system, reducing processing time by 65%
- Streamlined ETL processes for 1,000+ transactions, achieving 40% faster processing times
- Maintained 98% client satisfaction while managing 50+ regular clients

Administrative Assistant

Servientrega CS — Barranquilla, Colombia

Feb 2016 - Apr 2017

- Developed 12 KPIs, improving sales visibility by 30% across 5 regions
- Automated SAP data analysis, reducing reporting time by 75%
- Managed \$5M+ annual sales budget with 98% forecasting accuracy

Education

Bachelor of Business Administration (BBA) in International Business and Finance

Universidad Autónoma del Caribe — Barranquilla, Colombia

GPA: 4.4/5.0

Certifications

- **Power BI Data Analyst Associate (PL-300)** – Microsoft (In Progress)
- Google Data Analytics – Google (2025)
- Business Intelligence (BI) Essentials – IBM (2024)
- SQL for Data Science – Coursera (2023)

Languages

- English (Professional Working Proficiency)
- Spanish (Native)

Ongoing Professional Development

- Currently deepening expertise in advanced Power BI features, including DAX, dataflows, and custom visuals, and active learning of APIs in .NET.
- Engaged in continuous learning of predictive analytics and machine learning for business applications

How My Experience Aligns with This Role

Data Investigation. Identify, analyze, and resolve data inconsistencies or anomalies within our systems

Relevant experience demonstrated through data analysis, process optimization, and cross-functional collaboration in enterprise environments.

Issue Resolution. Collaborate with team members to pinpoint root causes of data-related issues and recommend solutions

Relevant experience demonstrated through data analysis, process optimization, and cross-functional collaboration in enterprise environments.

Data Exploration. Extract, clean, and analyze large datasets to uncover trends, patterns, and actionable insights

Relevant experience demonstrated through data analysis, process optimization, and cross-functional collaboration in enterprise environments.

Data Visualization. Create clear and impactful dashboards, reports, and visualizations to communicate findings effectively.

Architected consolidated dashboard integrating 8 data sources, cutting data preparation time by 70%

Collaboration. Work closely with technology, operations, and other departments to support data needs and ensure alignment on objectives.

Collaborated with cross-functional teams to optimize healthcare data workflows

Process Optimization. Develop and improve data workflows, ensuring efficiency and scalability in reporting and analysis.

Implemented sales and inventory dashboards for Latin America, reducing decision-making time by 40%

Documentation. Maintain clear and accurate documentation of data processes, methodologies, and findings

Relevant experience demonstrated through data analysis, process optimization, and cross-functional collaboration in enterprise environments.

Proficiency in SQL for data querying, manipulation, and analysis.

Built 20+ SQL stored procedures, improving query performance by 40% and reducing error rates by 75%

Experience with data visualization tools (e.g., Tableau, Power BI, or similar platforms).

Implemented sales and inventory dashboards for Latin America, reducing decision-making time by 40%

Strong analytical and problem-solving skills with a focus on attention to detail

Relevant experience demonstrated through data analysis, process optimization, and cross-functional collaboration in enterprise environments.

Excellent communication skills, with the ability to present complex data insights in a clear and concise manner.

Implemented sales and inventory dashboards for Latin America, reducing decision-making time by 40%

Experience with data exploration and working with large datasets

Relevant experience demonstrated through data analysis, process optimization, and cross-functional collaboration in enterprise environments.

Familiarity with data management best practices and workflows

Relevant experience demonstrated through data analysis, process optimization, and cross-functional

collaboration in enterprise environments.

Bachelor's degree in Data Analytics, Computer Science, Statistics, or a related field (or equivalent experience)

Relevant experience demonstrated through data analysis, process optimization, and cross-functional collaboration in enterprise environments.

Experience in a collaborative, cross-functional team environment

Relevant experience demonstrated through data analysis, process optimization, and cross-functional collaboration in enterprise environments.

Knowledge of Python, R, or other programming languages for data analysis is a plus.

Built 20+ SQL stored procedures, improving query performance by 40%

Prior experience in a similar role within a technology-driven organization

Relevant experience demonstrated through data analysis, process optimization, and cross-functional collaboration in enterprise environments.

Additional Notes (Optional)

If there are requirements in the job description that are not directly evidenced above, I am actively developing transferable skills and have a strong record of quickly bridging knowledge gaps through self-directed learning and hands-on practice.
